MARYVILLE, MISSOURI, THURSDAY, NOV. 19, 1914.

NO. 145.

## EXPECT 700 BIRDS

FIFTEENTH POULTRY SHOW ATTRACTS MUCH ATTENTION.

## OFFER MORE PREMIUMS

Award Cash, Cups and Medals to Fowl Exhibitors Here December 1 to 5 Inclusive.

Maryville will be the mecca of poultry raisers and fanciers for miles around from December 1 to 5, inclusive, for it is then that the Northwest Missouri Poultry Exposition will hold its fifteenth annual show. Already active preparation for the exposition is being made by the officials, and word comes that more birds of pure blood will be exhibited at this year's show than ever before. The exhibitions will be in the Martin building, First and Main streets. At least 700 birds are expected for entry.

There are two reasons for this upward trend of exhibitions, according to officials. One is that more farmers and farmers' wives and many town folks are taking a greater interest in rearing pure blood stock, therefore are more interested in the exhibitions. Another reason for the increase anticipated is because of the added number of premiums of cash, cups and medals which will be offered this year to the winning exhibitors.

**Offer Medals This Year.**  
In addition to the many cash premiums there will be the following additional offerings:

The Missouri state club cup, four prize ribbons, a silver loving cup, four silver cups by the Missouri state poultry experiment station, and three medals, one each of gold, silver and bronze.

The medals are given for the best, second best and third best pair of birds of any variety that are exhibited. Heretofore no medals have been offered.

The poultry judging this year, as last, will be under the supervision and direction of E. M. Quay of La Porte, Ind. The usual score card system will be used. Entries can be made up to the initial day of the five days show. The first are expected to arrive here the latter part of next week.

Although each of the annual shows of the association since its reorganization in 1907 have been held in Maryville, the entries come from several counties in northwest Missouri.

The history of the association is rather an interesting one. It too, has probably done more than everything else combined to promote the breeding of purer poultry in this county and surrounding territory. It has especially had a noteworthy effect on the strain of poultry now observed on the farms. Fred P. Robinson, president of the association, estimates that fully 90 per cent of the poultry now raised by farmers in this county is of pure blood stock.

It has had a tendency likewise to promote the poultry industry in the towns and the breeding of birds not only for utility but also for beauty and size. Each year the stock appears better in the shows here and new varieties are to be seen. This year one new variety of poultry is anticipated, it being the Campines, a variety somewhat like the Plymouth Rock. Otho Robey has some of this new variety which he intends to place on exhibition.

**History of Association.**  
The history of the association really dates back to the organization of the first poultry organization. Fred P. Robinson, Al Alden and Fred Parcher were the leading members of the first association. It gradually became weaker and weaker until in January, 1895, it held its last show in the Homer building, Third and Buchanan streets.

About 1,200 birds were exhibited at that show, and \$300 was paid by the association to secure the services of I. K. Felch as judge. This outlay, together with the giving of many premiums, broke up the organization financially and physically.

**Anyone May Join.**  
About five years later another association was organized in the eastern part of this county and in Gentry and Worth counties, known as the Grand River Poultry association. No meetings of this association were held in this county, however, until 1907, when Maryville became the seat of the annual exhibition.

It was then that the association was reorganized and new members secured in this county and many of Gentry and Worth county dropped from the ranks. This split marked the death virtually of the old organization and the formation of the new. From that time on the shows have always been held here.

The association now has a membership of about fifty and is increasing steadily, as the dues are only 50 cents per year. Any one is eligible. An exhibitor at the annual poultry show does not, however, have to be a member.

The officers of the association are: President, Fred P. Robinson; secretary, Judge Joseph H. Saylor; treasurer, Prof. John E. Cameron; superintendent, John S. Gross.

## BELGIAN FUND INCREASES

Total Amount Now is \$548.99 Exclusive of School Offerings.

The total amount contributed in Maryville to the Belgian relief fund was \$548.99 at 2 o'clock this afternoon, according to Paul Sisson, chairman of the relief committee. This did not include any offerings by the public schools or the State Normal, which are contributing. The offerings from the educational institutions, however, will not be taken up until tomorrow. The contributions began there only today.

It is hoped to secure a fund of \$700, so that an entire car of Nodaway county flour can be bought and shipped to the Belgian nation.

## MUTES WOULD WED.

Deaf and Dumb Couple of Southwest Part Get Marriage Permit.

A license to marry was issued yesterday in the office of the recorder of deeds to Claude E. Deffendauff, 24 years old, of Quitman, and Cora Prusman, 26 years old, of Maitland. Both are deaf and dumb. They were accompanied here by a friend, who interpreted for them, although he wrote the names for the recording clerk.

They were married last night by the Rev. Reuben Barrett of Skidmore.

## PIRATES AGAIN FALL.

Race Between Sluggers and Leaders in High School Tourney Tightens.

The high school basketball tournament is drawing to a close. Only a few more games are to be played. But it also becomes more interesting every day. The Pirates have slumped badly and have been beaten twice in as many days. Yesterday afternoon the Athletics defeated the Pirates by the decisive score of 30 to 14. Scott played the leading role for the winners, making 21 points for his team.

The Sluggers and Dodgers played another close game, the Sluggers winning by the same score as they did when the two teams met before, the score being 11 to 10. The Sluggers have won all three games played with the Dodgers.

The results of these two games tightens the race for first place between the Pirates and Sluggers. The Pirates have two more games to play and the Sluggers have three games left on their schedule. The standing: Won. Lost. Pct.

Pirates	8	2	.800
Sluggers	6	3	.666
Ruffians	4	4	.500
Athletics	3	7	.300
Dodgers	2	7	.222

## TO HOLD MEMORIAL

ELKS PAY RESPECTS TO DEAD MEMBERS DECEMBER 8.

## HALE MAKES ADDRESS

Baptist Pastor Will Be Assisted With Invocation by the Rev. J. H. Hubbard—Plan Musical Program.

The annual memorial services of the Elks lodge to deceased members will be held in the lodge room of the Elks club, beginning at 3 o'clock, Sunday afternoon, December 6. The Rev. Lewis M. Hale, pastor of the First Baptist church, will deliver the memorial address. The invocation and benediction will be delivered by the Rev. John H. Hubbard, pastor of the Buchanan Street Methodist church.

A musical program of both instrumental and vocal selections is now being arranged by the committee in charge of the memorial service. It consists of Dr. E. C. Branigan, Eldon Irvin and Walter Todd.

The ceremony will be opened by Exalted Ruler Wilbur Smith, and the roll of deceased members then read by the secretary, Dr. F. C. Wallis. Ritualistic work by officers of the lodge also will come on the program. The closing ceremony of the memorial service likewise will be by the officers of the lodge.

The Elks lodges throughout the country hold memorial services to the dead members the first Sunday of each December. The services are open ones. But one member has died since the last memorial service, which occurred December 7, 1913. He was Lealand Denning, who died in Kansas City April 9. The local lodge of Elks, however, have had fourteen deaths in the membership since its organization, the same number of years ago.

The deceased members, together with the date of their death, follow: Tennie E. Haynes, March 4, 1904; Charles L. Robinson, September 18, 1905; Charles W. Twichell, February 1907; Charles I. Pixler, November 11, 1907; Edwin V. Morehouse, December 4, 1906; William H. Totterdale, October 23, 1908; Ben V. Prather, January 26, 1910; William T. Garrett, November 24, 1910; P. E. Lyons, September 6, 1911; W. A. Hundley, May 8, 1912; J. M. Hamblen, July 21, 1912; George P. Bellows, February 17, 1913; Phil H. Smith, September 17, 1913; Lealand Denning, April 9, 1914.

## ASSUMES JEWELRY INTEREST.

H. L. Raines Takes Up Stock of Retiring Brother—Start Sale Today.

The interest of E. N. Raines of Tarkio in the jewelry firm of Raines Bros., 110 West Third street, was purchased today by his brother, H. L. Raines of this city, who always has managed the business here. The change is made because of the desire of E. N. Raines to retire from the business, as he is also cashier of the First National bank of Tarkio.

The two brothers have been partners in the jewelry business for the last fourteen years, the first five at Tarkio and the last nine years here. The business will continue to be conducted along the same lines and at the same location as at present.

In order to secure sufficient money with which to purchase the stock of the retiring partner, Mr. Raines will start a jewelry sale at the store Saturday.

## REALTY AGENT HAS ACCIDENT.

Ed Otis Escapes Injury, However, Though Car Front Is Wrecked.

The right front wheel, front spring and axle of an automobile driven by Edward Otis of the Ed Otis Realty company, were broken yesterday afternoon when the steering gear refused to work and the car was turned into a ditch and against a telephone pole by the roadside, northeast of Pickering. Otis was not injured.

Harvey McClary, assistant treasurer of the Gilliam-Jackson Loan and Trust company, who was driving a car directly ahead, brought Otis into the city. The car is being repaired today.

## SHREDDER TEARS OFF ARM.

William Kluth Slips on Frozen Snow While Feeding Machine.

William Kluth, a young farmer living on the Fred Storm farm, north of the city, was badly injured this morning by having his forearm mangled in a corn shredder.

Kluth was feeding the machine when his feet slipped on the snow. In his fall his arm was caught in the machine and crushed. He was brought to St. Francis hospital and the injured arm was amputated at the elbow.

## Returns to Parnell.

Mrs. F. Barkman of Parnell left yesterday for her home, after a visit in Maryville with her daughter, Mrs. U. S. Wright and family.

## SEASON'S FIRST SNOW FALLS

Although But "Trace," White Flakes Create Interest—Mercury Fell to 3 Above Zero.

The first snow of the season, while it was but a "trace," fell in Maryville and, for that matter, throughout Nodaway county last night. Coinciding with it this morning the mercury in the government thermometer maintained by J. R. Brink, official observer, registered 3 degrees above zero. The lowest ebb in the mercurial tide came along toward 3 o'clock this morning and maintained an almost steady pace several hours. With the rising of the sun toward the zenith this noon the temperature rose a little, but not enough to be very perceptible.

While the "trace" of the pure white flakes of frozen water, did not come exactly as a surprise to many, it created no little interest, as the first fall of the season always does. It began about 8:30 o'clock last night and had virtually ended an hour later. A few flakes, however, fell all night.

The initial fall this autumn beat that of last year by just one month and a day, according to a record maintained by Cooper Gooden. His record shows that the first fall last year was on December 19.

The lowest November temperature recorded by Mr. Brink since the establishment of an observatory here in 1895 was on November 16, 1896, when the mercury went to 5 degrees below zero.

## GARDNER GETS THREE YEARS.

Former Burlington Junction Resident Was Guilty of Misconduct.

Clyde Gardner, formerly of Burlington Junction, was sentenced to serve three years in the Iowa state penitentiary at Fort Madison yesterday by Circuit Judge Evans of Creston for adultery. He was convicted a few days ago by a jury, of a charge preferred against him by Mrs. Gardner, who still lives at Burlington Junction. Gardner was taken to the state prison today to begin serving his sentence.

## CANT FIND SCHOOL TROPHY.

State Prize Won by Nodaway County, Lost "Tracer" on Hunt.

W. M. Oakerson, county school superintendent, received notice today from the secretary of the Missouri State Teachers' association that the silver loving cup awarded to Nodaway county for having comparatively the greatest number of teachers present at the teachers' meeting in St. Joseph recently, had been lost in transit to St. Joseph, and that it probably would be several days before the receipt of the trophy. A "tracer" now is being sent out to try to find the prize. If not found, another will be ordered to the Nodaway county association.

## TO EXPLAIN SCHOOL PROBLEMS.

Superintendent Oakerson to Address Callaway Teachers at Fulton Tomorrow.

W. M. Oakerson, county school superintendent, will leave tonight for Fulton, where tomorrow afternoon he will address the Callaway County Teachers' association on "Some School Problems." The association is holding its annual convention. It began today and will end Saturday.

Some of the topics which will be emphasized by Superintendent Oakerson in his address are better qualifications of teachers, closer co-operation between teachers and parents, better physical conditions in the school and closer supervision of pupils.

## WHEN CORN WAS 12 CENTS.

H. L. Raines Left the Farm and Turned Jeweler.

The following article is taken from the Ames, Ia., Tribune, and was written by the editor, F. C. Greenley: Speaking of changes, there is some change in the price of corn in the last eighteen or twenty years.

The writer, together with a partner, made most a million dollars eighteen years ago raising corn. We farmed 180 acres and disposed of our crop at the magnificent sum of 13 cents per bushel. Don't see how we ever got rid of the money but we did.

"The partner is now running a jewelry store in Maryville, Mo., and trying to raise a family, beside being a member of the council. We are well, we are trying to run a hootyote and support a family and help some other guy run for office. How are the mighty fallen!"

The partner referred to is H. L. Raines. Time was, in more youthful days, when Mr. Raines and Editor Greenley had a twin idea they could have the bank account of a landed proprietor in a couple of years by farming. The idea lasted a season.

Mr. Greenley is a native son of Missouri and has often visited in Maryville with Mr. Raines.

## Spent Day in Maryville.

Mrs. George Jay of Shenandoah, Ia., spent yesterday in the city, the guest of Mr. and Mrs. M. L. Beattie.

## NEW PARTY WEAK

OFFICIAL STATE COUNT SHOWS PROGRESSIVES LOST \$1,500.

## LOSE ALL AMENDMENTS

Missourians Cast 618,194 Ballots—Fourteen Democratic and Two Republican Congressmen Elected.

The official count yesterday of the returns of the general election in Missouri November 3, among other things, shows that fourteen Democratic and two Republican congressmen were elected, that none of the 15 amendments carried, and that the Progressive vote was \$1,500 less than in 1912, at the birth of the new party. It also shows that William J. Stone received a plurality of 54,517 and a majority of 4,952 for U. S. senator, and that the total vote cast in Missouri was 618,194, or \$1,016 less than two years ago.

Howard A. Gass, Democratic candidate for state superintendent of schools, received a plurality of 52,627, and James T. Blair, Democratic candidate for judge of division No. 1 of the supreme court, received a plurality of 52,110.

The two Republican congressmen come from the tenth and twelfth districts. The official count on the fifteen proposed amendments is expected to be completed today by Cornelius Roach, secretary of state.

No change in the political complexion of the general assembly is made by the official returns over the showing of the unofficial figures. The senate stands twenty-six Democrats and eight Republicans; the house stands seventy-six Democrats, sixty-five Republicans and one Progressive.

The vote for United States senator and state officers follows:

United States senator—Stone, Democrat, 311,573; Atkins, Republican, 257,066; Sager, Progressive, 27,614; Hill, Prohibition, 3,847; Green, Socialist, 16,553; Moliniaux, Socialist-Labor, 1,251.

State superintendent of public schools—Gass, Democrat, 52,627; Evans, Republican, 25,725; Meyers, Progressive, 25,725; Harris, Prohibition, 3,359; Garver, Socialist, 17,097; Spalt, Socialist-Labor, 1,249.

Judge of the supreme court—Blair, Democrat, 311,382; Robertson, Republican, 259,272; Williams, Progressive, 25,972; Martin, Socialist, 16,960; Johnson, Socialist-Labor, 1,296.

The following is the official vote for congressman in the fourth district by counties:

Andrew—Booher, Democrat, 1,748; Otis, Republican, 1,813; Sisson, Progressive, 32; Moser, Socialist, 14. Atchison—Booher, 1,530; Otis, 1,500; Sisson, 47; Moser, 22. Buchanan—Booher, 7,715; Otis, 5,483; Sisson, 295; Moser, 274. Holt—Booher, 1,529; Otis, 1,767; Sisson, 115; Moser, 12. Nodaway—Booher, 3,105; Otis, 2,991; Sisson, 252; Moser, 27. Platte—Booher, 1,866; Otis, 353; Sisson, 165; Moser, 9. Total, Booher, 17,253; Otis, 13,997; Sisson, 756; Moser, 349. Booher's plurality, 3,386.

## LEAVES ON EASTERN VISIT.

Frank Schumacher to Be William Norris' Guest in New York.

Frank A. Schumacher of the firm of N. Schumacher & Sons, 202 North Main street, expects to leave this afternoon in company with William Norris for New York City and other eastern points, where he will spend several weeks. Mr. Norris, who is a buyer for the Norris Produce company of New York, of which his father is president, will entertain Schumacher during his eastern visit.

They will spend the first ten days in the New York home of the Norris family, then go to Norfolk, Va., where the Norris family also has a home. Returning, Mr. Schumacher and Mr. Norris will take the southern route and probably stop off for short visits in several cities of the south. They expect to return shortly before Christmas.

Mr. Norris has spent the last two years in this part of Missouri, buying poultry, eggs and other produce for the eastern house.

## SELLS RECORD PRICE CATTLE.

Guilford Farmer Markets 900-Pound Yearlings at 9 Cents.

A bunch of 900-pound Hereford yearlings were marketed in St. Joseph yesterday at \$9.00 the hundred weight by Tilghman Medsker, living on route No. 1 out of Guilford. This was the record price paid yesterday for that class of cattle. They were placed on blue grass and clover all summer and then put on a feed of corn and Tarkio Champion molasses this fall for two months.

Mr. and Mrs. T. J. Hutchinson left yesterday for Blandinsville, Ill., where they will spend the next ten days the guests of Mrs. J. S. Grigsby.

## TO SELL RED CROSS SEALS

State Body Asks School Children to Help Fight Tuberculosis.

The school children, church workers and others interested in stamping out tuberculosis, the dread disease which last year caused 4,878 deaths in Missouri alone, and from which fully 25,000 are now suffering from, will be asked again this winter to help sell Red Cross Christmas seals to aid the state society in eradicating that disease. It is believed many of the school children of Maryville will take up the work later in the season.

The sale, while beginning at once, will not start in earnest until about December 1, it is expected. Then the Red Cross seals, printed in three colors and containing a portrait of Santa Claus, will be offered for sale in stores probably and at churches.

Last year 1,389,737 seals were sold in 569 communities of Missouri. It is believed this can be increased by fully 50 per cent this year. The campaign in this state is being conducted under general management of the Missouri Association for the Relief and Control of Tuberculosis, with headquarters at Columbia.

While the American Red Cross is now sending surgeons, nurses, medical supplies, food, clothing and money by the ship load to Europe to relieve the frightful distress caused by the war, it has not relaxed its efforts to relieve the perennial distress caused by the white plague in this country. For some years it has financed the Red Cross Christmas seal educational campaign in the United States.

## BAZAAR IS A SUCCESS.

Many Attend Methodist Sale—Meals Also Attract Crowds.

A success which no previous year has outstripped, attended the opening today of the annual bazaar given by the women of the First Methodist church. The women have been preparing for the event for weeks past and have expended the most careful effort to make it pleasant and entertaining as well as profitable.

The chicken pie dinner, which is one of the "real" specialties of the first day, was attended by over 250 persons.

In the sale booths there is everything to please the whole family from its august head down to the baby, and all fashioned so nicely that one's dollars are lured from one's pocketbook instantly, and also what is very good, one gets the money's worth and more.

The fancy work booth displays an array of the most exquisite articles which could be assembled. The embroideries and the crochet work are exceptionally fine. This is in charge of Mrs. Harold VanSteenbergh, Mrs. T. L. Vaddley, Mrs. R. S. Branigan and Mrs. J. C. Allender. The handkerchief booth is presided over by Mrs. R. W. Pettit, Mrs. Emmett Scott and Mrs. Rolla Alexander. The apron and useful booth, which contains all manner of things which combine beauty with utility, is in charge of Mrs. Anna Stauble, Mrs. John Bantz and Mrs. S. J. DeArmond. A popcorn booth is managed by the Queen Esther Circle of girls, and Miss Ota King has charge.

A Japanese tea room, where tea and ices are served, is one of the prettiest places imaginable, and it contributes an air of hospitality that makes all visitors want to stay. This is in charge of Mrs. L. E. Dean, Miss Ruth Montgomery, Miss Eva Rittenour and Miss Brownie Toel. The "sweet booth," where the most delicious of homemade candy is on sale, is looked after by Miss Ruth Matter and Miss Marie Wells.

Tonight a fried chicken supper will be served, and at noon tomorrow a roast chicken dinner. The superintendency of the dining room is in the hands of Mrs. O. C. Hanna, Mrs. H. E. Wright, Mrs. John Loran, Mrs. W. R. Wells, Mrs. Charles McNeal and a corps of assistants.

The evening entertainment of tonight is to be given by Miss Helen Hobbs, reader. Miss Hobbs has a place among the greatest readers of America. Her program will be varied, including a reading from Shakespeare and several others. She will be assisted by several musicians of the city. Among the visitors today were a large number of people from out of the city who are taking advantage of the Christmas gift sale.

## ROUMANIA IN IT

TURKS' ACT MAY BRING ANOTHER COUNTRY INTO FRAY.

## WAR CENTER IS MOVED

Clash Between Russians and Germans Now Threatens to Be Decisive One—Kaiser Strengthens Force.

London, Nov. 19.—Telegraphing from Petrograd, the Morning Post says today that three Turkish torpedo boat destroyers are reported to have entered Sulina, on an arm of the Danube delta, which, under the public law of Europe, is protected by treaties. Thus Roumania, through which the lower part of the Danube flows, must decide whether it sides with Germany and Turkey in the present war, or whether it supports the right of European war.

Whether it will mean the involving of Roumania in the war, too, which ever way it decides, is now questioned by diplomatists. It is generally believed that it will mean war from that country, unless the incident is passed over.

Petrograd, Nov. 19.—One million six hundred thousand Russians are pressing on to Cracow, according to a report of staff officers. The check in Poland is said to be due to the pursuit of retreating Germans by Russian cavalry.

London, Nov. 19.—That Emperor William now is staking his all on the impending great battle in Poland is the report brought from German quarters today. It is said the German chief has taken his finest troops from France to the eastern border and has based all his hopes on crushing the Russian advance and turning the tables along the eastern boundary.

## WATER HEAD MOVES HERE

Kansas City Resigns Position to Accept Superintendency of Municipal Plant.

J. H. Martin of Kansas City, who recently was selected by the board of public works to succeed Louis A. Denney as superintendent of the municipal water works plant, after December 1, intends to move to Maryville next Monday with his family. Mr. Martin has resigned his position as expert machinist for the Merkle-Hines Machinery company of Kansas City, except on special assignments, and intends to come here a week or so prior to taking the new position, in order to acquaint himself with conditions.

Mr. Martin was here Monday to confer with members of the board of public works concerning the position, and at that time formally accepted the superintendency. It was Mr. Martin who supervised the installation of the new pumps and boilers at the water plant when the city took charge of it nearly a year ago.

As far as is now known the present employees of the plant will be retained, with the exception of Mr. Denney.

### BREAKS A COLD IN JUST A FEW HOURS

"Pape's Cold Compound" Ends Cold and Grippe Misery at Once—Don't Stay Stuffed-Up!

You can end gripe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

### Entertained Nodaway Club.

The University Missourian of Columbia had the following in Wednesday's issue:

Mrs. W. H. Brown, 1106 Paquin avenue, entertained the Nodaway County club last night. Thirty-five students spent the evening in playing games. When refreshments were served each one had to fry an egg. Mrs. Brown was formerly a resident of Maryville.

### "A Pig for Every Child."

"A pig for every child" will solve more of the farm life problems than the man looking through purely scientific glasses may realize. Secretary Jewell Mayes of the state board of agriculture is guilty of coining that homely phrase. He says "Give every child a pig and let that pig belong to that child in fact, not a play pig."

The practical pig club in every farm home will buy more ponies and books and send more boys to agricultural college than all other clubs combined. The lad and lassie with money in the bank and a patch of pigs at home is not so anxious to run street cars and limousines and dawdle away their lives adown hard streets that lead to No-count avenue. The boy who sticks to the hog game is headed down Prosperity avenue.

### To Spend Week End.

Mrs. Fred Howden of St. Joseph, who has been a guest at the home of Mr. and Mrs. J. E. Melvin, went to Arke today to spend the week end with Mr. and Mrs. J. T. Goff.

### Montana Visitors Here.

Mrs. Sam Koehel and son, Clarence, of Knowlton, Mont., who have been visiting relatives at Hopkins, came to Maryville yesterday to visit at the home of Mrs. L. Carmichael, 320 South Laura street.

### DOUBLY PROVEN.

Maryville Readers Can No Longer Doubt the Evidence.

This Maryville citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. A. W. Hawkins, Main street, Maryville, says: "I had a weak, sore and aching back. Doan's Kidney Pills gave me relief and I haven't used a kidney medicine since. I can still recommend Doan's Kidney Pills as highly as I did in 1911."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hawkins had. Foster-Milburn Co., Props., Buffalo, N. Y.

### Fewer Farm Institutes.

The Missouri board of agriculture announces that owing to the fact that the 1913 legislature appropriated \$5,000 less for farmers' institute work than was appropriated in 1911 it will be impossible to fill all requests for meetings between now and January 1. Preference will be given, in the meantime, to counties that have not asked for or have not received institutes during this biennial period. Interest in farmers' institutes and country life meetings is clearly on the increase in Missouri.

### "CASCARETS" RELIEVE SICK, SOUR STOMACH

More Acids, Gases and Clogged-Up Waste From Stomach, Liver, Bowels—Cure Indigestion. Get a 10-cent box now.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which can not be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

### For Him.

I know a lot of girls, who have already acquired at least half a dozen fresh wrinkles in their foreheads studying over HIS Christmas gift. One of the cleverest little girls in town has a gift idea that is sure to be appreciated by any him who would be remembered with such a gift. To begin with, the gift is Turkish and useful. No, your guess of cigarettes misses fire.

It is Turkish towels, a whole set of them, of many sizes and shapes. They are pink and white, and are to be put in a pretty box and, of course, tied up with satin ribbons to match the pink. They didn't cost very much, either. You know, somehow a man always thinks his Christmas gift ought to be used, and, really, a gift that can be so mighty convenient—for him.

## Only Sure Corn Cure Ever Known

"GETS-IT" the New Way, 2 Drops Do It  
To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new-plan corn cure,

Use "GETS-IT" for Corns and You Won't Suffer When You Put on Your Shoes.

"GETS-IT" is the first one ever known to remove corns without fail, without pain and without trouble. This is why it is the biggest-selling corn cure in existence today. It is now used by millions, because it does away with sticky tape, with plasters and cotton rings that shift their position and "press down" onto the corn, with salves that "raw up" the toe, with "harnesses" that cause pressure and pain, with knives, razors and files, clawing and pulling at a corn. "GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain goes, the corn shrivels and vanishes. Accept no substitute. Try it on any corn, wart, callus or bunion tonight. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. "GETS-IT" is sold in Maryville by O'Rear-Henry Drug Co.
